Dear [REDACTED]

I apologize for the lateness in my reply. Thank you for taking the time to reflect and share this information.

I appreciate you directing anyone with firsthand knowledge of such an experience to me or Glencoe Public Safety. Should your daughter wish to discuss any specifics, please don't hesitate to share my contact information with her. My direct line is included below and the voicemail is confidential.

Regards,  
Catherine

Dr. Catherine Wang  
Superintendent  
Glencoe School District 35  
620 Greenwood Avenue  
Glencoe, IL 60022

My [REDACTED] and I lived in Glencoe for [REDACTED] years and [REDACTED] there. Here is what I know.

1. Marvin Martin had a bed in the office next to his classroom. How did the school allow that?
  2. He used to take Glencoe boys on field trips across country staying in motels with them. [REDACTED] who lives in Chicago ( don't know her #) would have information about this.
  3. [REDACTED] tells me that Martin had "special" little boys friends amongst the students who were usually the nerdy kids. He may have extended this friendship to activities outside the classroom. [REDACTED] knows stories but will not come forward.
  4. About 10 years after Martin retired he self-published an autobiography which he gifted to The Glencoe Public Library. I found it on their shelf and read it. It was very troubling. I believe he talked about those trip but specifically I remember him slamming the Asian families whose children went to the Glencoe Public Schools. I returned the book to the front desk and told them to remove the book from circulation I do not know what they did with the book. I have spoken to the Director and he is apparently going to contact you.
  5. [REDACTED] was removed from Martin's classroom [REDACTED]
- [REDACTED] Her comment upon hearing about this allegation was that "This is on The Glencoe Public Schools". They turned their backs!
6. I am going to contact several people who were around in those days and see if someone will come forward
